

TREE GUARD

Reliable tree protection

INFORMATION

- + Thanks to perforations, the tree gets plenty of air, light and sun
- + No risk of fungal decay as the tree can “breathe”
- + Corrosion- and weather-resistant
- + Easy and quick installation due to full-length cut-out
- + Self-closing by its own resilience
- + The 10-15 cm non-perforated area at the bottom provides protection against mice
- + Effective protection against damage caused by biting, scraping or scratching animals

TECHNICAL SPECIFICATIONS

- + MATERIAL: PVC (Polyvinylchloride)
- + HEIGHTS: 60, 80, 100, 120 and 150 cm
- + COLOUR : green
- + DIAMETER : 85 mm
