

DRAINBASE border & L-stop

For installation alongside Drainbase tiles for all garden and roof terrace applications.

INFO DRAINBASE BORDERS & L-STOP

- + Drainbase borders provide a sleek and simple edge
- + Drainbase borders prevent artificial grass from lifting on the edges
- + L-stop prevents side soil from being washed away
- + L-stop prevents vermin from getting under the plates

APPLICATIONS

- + The Drainbase ECCOBorders are especially developed to border and define your artificial grass project
- + The sides of the artificial grass drainage tiles can be finished with the optional Drainbase L-Stop border
